

Medina

This pattern was inspired by travels throughout the Latin countries of Spain, Portugal and Mexico, combined with Moroccan history and studies of Islamic geometric art. The hand crafted mosaics is a complex abstraction of classic motifs. The mosaic is created in natural stone and can be installed as floors and walls, inside and out.

Medina, a natural stone waterjet mosaic shown in Ming Green, Carrara polished and Thassos honed.

Product Specifications:

Custom: YES
Thickness: 1 cm
Finishes: Honed, Polished

Product Applications:

Bathrooms
Commercial
Floors
Hallways

Interior
Kitchens
Residential
Stairs
